

# Feel confident in your High Deductible Health Plan

Vive provides security, helping you reach your healthcare goals every step of the way.

Each pay period, your HSA contribution along with your employer's match will be deposited into your Vive Health Savings Account, maximizing your pre-tax dollars.

If unexpected medical costs require you to access healthcare before you've saved enough, Vive will provide a guaranteed 0% interest line of credit for the difference between your savings and the employer's designated coverage.

#### **HOW DOES IT WORK?**

Monthly costs don't change. The individual's monthly contribution will help build savings for future medical expenses and, if the individual utilized Vive credit, that contribution automatically becomes the repayment amount until the loan is paid.

#### **DON'T NEED THE LINE OF CREDIT?**

No worries. You continue to build financial health as your Vive account grows, giving you peace of mind.
